

Racial Factors in Democracy (Classic Reprint)

Excerpt from Racial Factors in Democracy Though the fundamental purposes of this book are benevolent and constructive, I , fear that some of my readers will find it difficult to believe so. If some of my remarks about our present-day civilization are found to be somewhat acrimonious, I beg the indignant critic to attribute their quality not to malice aforethought on my part, but rather to the very lively realization which I have of the fact that we are still far less civilized and enlightened than we are destined one day to be. Let all men and women who love the beauty and the goodness which the world contains, and who hate the ugliness and evil which, all too frequently, we see about us, strive, now and ever, to do their utmost to increase that which they love and to demolish that which they loathe. To encourage such a course of action is the chief motive underlying the pages which follow. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
