

# Hearts and Minds: Why Democrats Are Wrong... And Republicans Are, Too!

Break free from the political propaganda! What's the best way to handle immigration reform? What should we do about gun violence and gun owners rights? How should we tackle the problems we face every day in our country? Americans are being led astray by the relentless spin doctors and media campaigns of the two political parties in Washington. As citizens with the power to elect representatives to make laws, we owe a duty to ourselves and our fellow countrymen to carefully select those representatives. We must do all we can to educate ourselves on the issues and the facts. Whether you're Republican or Democrat, or a member of any other party, this book outlines a simple and rational way to analyze the policies and proposals coming from the politicians. It restores sanity to the discussion and eliminates misleading propaganda. After you read Dick Morris's Armageddon, buy Hearts and Minds TODAY and learn how we can make a better tomorrow for America!
