

How Our Navy Is Run: A Description of Life in the Kings Fleet (Classic Reprint)

Excerpt from How Our Navy Is Run: A Description of Life in the Kings Fleet
In these days when so much interest is taken in those who guard our shores, protect our very daily bread as it is borne over the ocean from far distant lands, and safeguard the oversea empire - India and the numerous colonies, big and small there is, I hope, little explanation necessary to justify a modest volume on How our, Navy is Run. There are many books describing the Kings, fleet, its strength, the types of ships which are ever patrolling the worlds ocean highways, and of the manner in which these wonderful fighting machines are constructed. Historians have traced its story back to the birth of British sea power in the days of King Alfred, and chronicled its glorious triumphs and, less numerous far, its humiliations. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
