

## A Century of the Scottish People, 1830-1950

A new cover reprint of the second volume of T. C. Smout's magnificent and indispensable account of the Scottish people, from 1830-1950. Professor Smout's *History of the Scottish People 1560-1830* was hailed as a classic piece of social history. If you had time to read only one book on Scotland, this was it. Unfortunately, you now have to read two. *A Century of the Scottish People* is as satisfying and enlightening as its predecessor. John Kenyon, *Observer*. An admirable example of how academic history may yet be written for the general reader. It is deeply enjoyable, lively, packed with interesting detail, illuminating anecdote and pithy observation. Allan Massie, *The Times*
