

The Formulation of British Defence Policy Towards the Middle East, 1948-56 (Studies in Military and Strategic History)

This series of books on 19th- and 20th-century military, naval and air history explores hitherto neglected areas of the subject or aims to provide fresh interpretations of existing material. This series is intended to cover a whole range of issues - strategic, diplomatic, economic and financial - involved in preparations for the conduct of and the ending of wars.
