

The History of Scotland, Vol. 2 of 4: From the Union of the Crowns on the Accession of James VI; To the Throne of England, to the Union of the Kingdoms in the Reign of Queen Anne (Classic Reprint)

Excerpt from The History of Scotland, Vol. 2 of 4: From the Union of the Crowns on the Accession of James VI; To the Throne of England, to the Union of the Kingdoms in the Reign of Queen Anne Buchanan published a train of confessions - all spurious; the creation of a genius that seems to have delighted itself in the boldness of its own falsehoods, and to have rioted in the luxury of its own forgeries, - His spirit could not long confine itself within the bounds of harmlessness. The serpent may appear for a time playing in wanton curls upon the ground. It will soon, however, rise upon its spires, and shew its envenomed fangs. And Buchanan returned to his natural exercise of fictitious slander. - But this Leviathan of slander was not satisfied with taking such gentle pastime in forgery. He must raise a tempest for his recreation.-his malignity acted with all the force-of a pestilential blast upon his discretion. The daring calumniator sunk into an impassioned idiot before it. And he stands on the pillar of infamy at present, for his Detection, his sonnets, and his depositions, the second of all human forgers, and the first of all human slanderers but banished in his forgeries, and defeated in his slanders by his very rage for both.
