

The Third Reichs Macroeconomic Policies: Enablers of Genocide

The purpose of this study is to identify relationships between Nazi Macroeconomic policy and its ability to enable genocide. This study uses primary source documentation from newspapers, historical documents and published works to examine Nazi ideology as it relates to economics and macroeconomic policy. Accompanying this research is an analysis of steps the United States could have taken to stop or deter Nazi economic policy using the Mass Atrocities Prevention and Response Handbooks economic planning guidance.
