

Women in Sub-Saharan Africa : Restoring Women to History (Restoring Women to History)

These four volumes in this major series... provide a single-source reference to the status of the field of womens history and to ways that the field can be expanded.... A basic set for all academic libraries. ?Library Journal Academic NewswireBerger and White focus on Sub-Saharan Africa, tracing womens history from earliest times to the present. By exploring their place in social, economic, political, and religious life, the authors highlight the changing societal position of women through shifts over time in ideas about gender and the connections between womens public and private spheres.
